CLUB

WELCOME TO THE CLUB!

A nice evening with friends with a lavish ambience – no need to travel to the capital anymore. Our Club collection transforms your living room into a **stylish urban location**.

Inspired by **animals.**

A variety of animal hides and skins were the inspiration for our colourful selection of wallcoverings. Shimmering eel leather in extravagant orange red, glamorous gold or multi-coloured shades of white and grey. Animal furs in wonderfully natural brown or soft cream white.

Striking leather tiles with a graphic design in a wide range of colour combinations such as red-brown, pastel turquoise, aqua blue and petrol. Even the solid colour wallcoverings allude to animal fur, and great solid colours are available for combination with the patterned wallcoverings.
