PALMERA

Palmera

If you long for soothing, peaceful relaxation under palm trees – look no further than PALMERA. This idyllic small town on the Spanish Mediterranean coast invites you to breathe deeply and switch off. So that you can inject this relaxed holiday feeling into your home, our studio collected designs, colours and textures from this Mediterranean landscape for our new collection.

Would you like your dream holiday to remain unforgettable? No problem: PALM's palm tree motif gives a high-quality decorative gloss look to the wall. The olive leaves of the OLIVO design add a brilliant two-colour glistening interplay on the easy-to-apply fleece backing. For a more discreet look, consider the geometric shapes with matt and shiny textures of the TETRIS wallcovering, or the raised precious metal surfaces of PATINA in gold, white gold, rose gold and silver. New solid-colour wallcoverings complement this collection: CORAL is resplendent with its elegant and shimmering coral texture, inspired by the "Jewel of the Seas". While the solid-coloured SEDA exudes glamour with its shining coarse silk effect. A simple matte solid colour harmonises particularly well with PALM.

PALMERA's colour scheme offers something for all tastes. Robust shades such as Deep Aqua, Dark Olive, Petrol together with Ruby Red and Broken Stone in conjunction with Gold transform any wall into a real eye-catcher. Softer colours, such as Cotton white, Sand, Sage Green and Soft Rouge will also turn heads in any room.
